

California Proposition 65 Announcement

Dear Customer,

Proposition 65, also known as California's Safe Drinking Water and Toxic Enforcement Act of 1986, requires businesses to provide warning to customers of certain chemicals which are present in the products they supply. These chemicals, over 900 in total, are known to The State of California to cause cancer, birth defects or other reproductive harm.

WARNING: Anchor Fluid Power's flanges, fittings, fasteners, valves, couplings and packaging can expose you to chemicals including Nickel, Chromium, Thiourea, Cobalt, Cobalt Sulfate, Arsenic, Phthalates, Cadmium, Vanadium and Lead which are known to the State of California to cause cancer and Chromium, Nickel, Arsenic, Mercury, Cadmium, Phthalates and Lead, which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

In addition to this notice, Anchor Fluid Power is including a similar warning on the packaging of the products we sell.

Please note that distributors and resellers of affected Anchor Fluid Power products must also provide warnings in order to comply with Proposition 65. In addition, manufacturer's employees who are exposed to affected products must also be notified. Should you have a retail store where AFP products are sold or a manufacturing facility where AFP products are used and require signs with a Proposition 65 warning, please notify us and they will be provided to you.

Thank you,
Anchor Fluid Power
